9523709895 ◇ Sonbarsa , Sitamarhi , Bihar

[rajtanisqa@gmail.com](mailto:rajtanisqa@gmail.com) ◇ [linkedin](#) ◇ [github](#)

## OBJECTIVE

---

Enthusiastic Full-Stack Developer skilled in HTML, CSS, JavaScript, React , and NodeJs , seeking opportunities to build impactful and user-friendly web applications.

## EDUCATION

---

<b>Matriculation</b> , SNJ high school , Sonbarsa	2020
<b>Diploma</b> , Government Women's Polytechnic Patna	2020-2023
<b>Btech in computer Science</b> , Maharishi Markandeshwar (MMDU)	2023-2027

## SKILLS

---

**Technical Skills**      HTML , CSS , Java Script , React , NodeJS, MongoDB

## EXPERIENCE

---

<b>Web Development</b> NIELIT Patna	31 March 2022 - 29 April 2022
--	-------------------------------

- Developed a responsive college website during my internship using HTML, CSS, and JavaScript.

## PROJECTS

---

**MediMentor(A healthcare Website)** Developed a healthcare website using React, Tailwind CSS, Node.js, Express.js, MongoDB, and WebSocket. Successfully implemented the doctor offline appointment flow with location selection using React Leaflet. Also integrated an online appointment system with manual Google Meet link generation (in progress). Utilized Gemini API for advanced features, enhancing the overall user experience and functionality .

**Bageasy ( AI-Powered Travel Packing Assistant)** Developed a smart travel assistant using React, Node.js, MongoDB, and Google Gemini API that generates personalized packing lists based on destination, trip duration, and real traveler feedback. Integrated **GenAI** to analyze user experiences and provide intelligent, context-aware packing suggestions.

## EXTRA-CURRICULAR ACTIVITIES

---

- Took part in National level tech fest at Alpha Intern 2.0 as a volunteer.
- Participated in Smart Bihar Hackathon 2023 , organized by IIT Patna.
